

THE TN AHEC SCHOLARS PROGRAM

You are being asked to provide a letter of reference for the 2018-2019 TN AHEC Scholars Program.

The TN AHEC Scholars Program aims to improve the diversity, distribution and skills of health professionals across Tennessee by preparing students who are interested in a career in primary care for the practice transformation that currently is occurring in the health care delivery system. The program will provide students with 40 hours of team-based, clinical training and 40 hours of didactic education each year, for two years. AHEC Scholars will receive training and develop skills in practice transformation, inter-professional team based care, behavioral health integration, cultural competency, the social determinants of health, and current and emerging health issues.

LETTER OF REFERENCE

Name of Applicant: _____

Your Name: _____ Title: _____

Email Address: _____ Phone Number: (____) _____

Relationship to Applicant: Professor Health Care Provider Mentor

Other (please specify) _____

Please describe the applicant's strengths.
